

LOOKING FOR A COLLEGE NURSE

About UWC Mahindra College

UWC Mahindra College is a pre-university residential college to 250 students aged 16 to 19 representing more than 80 countries and with 32 faculty members from around the world. The college offers the globally recognised International Baccalaureate Diploma Programme for two years. Resting in the 175-acre biodiversity reserve, our campus is located 40 km outside of Pune amidst the greater Western Ghats – one of world's biodiversity hotspots.

About The Position

As the MUWCI Resident Nurse, you will be responsible for promoting health and wellbeing to the student community in a school setting, as well as fulfill any medical requirements as and when they arise. The job involves interacting with a diverse student body, with students from close to 80 different countries. The 3-year renewable contract comes with strong employer provided benefits like accommodation on campus, transport, medical insurance and a very competitive compensation range. You will be working in a fully equipped medical centre under the supervision of a Resident Doctor.
